

Thailand and Guam Report

AN ELEPHANT SIZED TASK, REACHING ASIA FOR CHRIST.

We are pumped! God is doing amazing things in Asia! Grace and I were able to be participants in a SIM gathering in Chiang Mai, Thailand.

We were thrilled to hear country reports for all over Asia of how God is drawing a people to Himself. We were bowled over at the staggering number of people who have had little or no opportunity to hear the claims of Jesus.

We are talking BILLIONS! Yes, BILLIONS without Christ! To meet and interact with those on the front lines of declaring the gospel in difficult places made us proud of the caliber of people that have been led to serve in the SIM Asia world. Their intense zeal and commitment to see Asia's lost be found has made a profound impact on our lives and on how we will pray for the peoples of Asia.

We are talking BILLIONS! Yes, BILLIONS

We then flew to the island of **GUAM** in the middle of the Pacific Ocean. What a beautiful island! Awesome snorkeling! Bayview Baptist Church has been supporting us for twenty years. We are not sure how they ever heard about us but we desired to connect with them. Bill preached in the two morning services. We had opportunities through the week to meet with their mini-churches. They have become like family! Oh, how we thank the Lord for them!

Thank you for those who prayed and gave so we could go.

Together, serving in mission,

Bill and Grace
