

## *Missionaries and Accolades*

### ANOTHER GENERATION OF HARDING MISSIONARIES

Ryan and Melissa with baby Selah are heading to Costa Rica as full-time missionaries with Answering the Call. Their aim is to reach the persecuted church inside the 10/40 window. They will be involved in supporting and equipping church leaders from these closed countries by heading up an off-shore training center in Central America. This summer they will be in Spanish language school and serve as leaders for church teams coming to Central America to work on the construction of the training facility . We are thrilled for this adventure of faith for them and hope you would encourage them too.

**SHE DID IT! SHE DID IT!**  
**KARA GRADUATES FROM MONTREAT COLLEGE!**

We give praise today to the Lord for the graduation of Kara from Montreat College. She has secured her BA degree in elementary education. Franklin Graham gave a great challenge to the graduates from Hebrews 12:1-2 and then received an honorary doctorate. Please pray for Kara as she seeks employment as an elementary school teacher. Have any leads? We all know this is a big step for her but we entrust her to the Lord who knows her future.

With these big family announcements, Grace and I send our love,

**Bill and Grace**
